Mac- extent of one-half of one per cent. Liberty loan, and in line with such effort he has addressed the following seven to ninety-nine and one-half per cent. of the population doing nothing

in this great war.

Above everything the campaign should be directed to the extending the number of subscriptions. Every district should be thoroughly reached By this means alone can West Virginia's quota be subscribed. An enor mous sum is before you, but with energy, patriotism and organization it can be easily subscribed.

Therefore, I beg of you to plie your attention to getting into the dark
